This minute book is held by the Canadian Quaker Archives and Library in Newmarket, Ontario (MS 303, reel 41). The transcription was done from images made from the film available at the Archives of Ontario under the coordination of Randy Saylor.

By agreement this transcription is donated to the Canadian Friends Historical Association (CFHA). It transcribed and proof read by Carman Foster and is made freely available and supports search, cut and paste. CFHA will officially grant linking privileges to organizations that support this free access. CFHA wishes to express its gratitude to all those who worked on this project.

The text was transcribed as written, so researchers must consider the many variations in spelling when searching the transcribed text. Minor paragraphing was done to make the text easier to read. Transcribers notes are in square brackets and hard to decipher words are indicated with question marks.

By the mid 1790's several Quakers, mostly from Pennsylvania, had settled in the Niagara area. In 1799, the Philadelphia Yearly Meeting approved the establishment of Preparative meetings at Short Hills in Pelham Township and Black Creek in Bertie Township and one day later Pelham Monthly Meeting was established. The meeting house was rebuilt to be larger in 1807. In 1810 the Canada Half Yearly Meeting was established under New York Yearly Meeting with Pelham, Yonge St and Adolphustown being the Monthly Meetings. Norwich became a Preparative Meeting under Pelham in 1816. Upon the separation in 1828, the Hicksite branch of Pelham came under Genesee Yearly Meeting in 1834. This minute book remained in the hands of the Hicksites.

Researchers are requested to cite the transcription when incorporating passages excerpted from this transcription. Please note that CFHA welcomes written comment, submissions and research related to the Canadian Quaker experience and legacy for publication consideration in The Meetinghouse newsletter or the Canadian Quaker History Journal. Please contact chair@cfha.info for additional details and see also the submission guidelines provided on the CFHA website.

This is a complete transcription and it is hoped that researchers will find it revealing about the life and times of these early Quaker settlers in Upper Canada. A microfilm done in 1974 is available at the Archives of Ontario. A more recent filming of the original minute book done by Ancestry.com is on line with a searchable nominal index. This full transcription and the Ancestry images will complement each other.

We the Comt. on Indian concerns report that we have caused ??? There are also 10 Acres of land under Contract to be cleared, all of which is to be completed by the ninth M^o. next. There are 50 Apple Trees set out. There was about 70 Bushels Corn raised which has been part of used for feeding some Sols and some handed out to the suffering Indians. There was about 200 Bushels of Potatoes, about 100 B of Oats, and about 30 B of Wheat some of each is still remaining on hand. The Com^t. in consequence of the high price of Labour and provision have thought it right to give the friends employed on the reservation \$500 for year, they boarding themselves as heretofore. There has been obtained a qualified School teacher \$1.50 per week and boarded, the school is now opened having 35 scholars they are to be employed a portion of the time in domestic Bisenness. it is evident to the Com^t. that what has already been done by friends has given the Indians encouragement to adopt more industrious habits and they have this Spring taken hold of Agriculture renewed vigour and more engaged in Making improvement in their Land
